

A BROKEN PANE OF GLASS

Take an interest in your home town. Reset the broken glass; clean up; slick up; smile and boost. Don't clutter up the street with waste paper or throw refuse in the back yard. Make your home premises attractive and above all don't permit broken glass to mar the surroundings. These suggestions are to simply create a more thorough interest in the proposition to have "A City Beautiful." The knocker, of course, is always with it.

WILSON CALLS CABINET MEETING

GEN. WOOD CANCELS LEAVE OF ABSENCE RETURNS TO DUTY

Action Due to Railroad Strikes and General Feeling of Unrest in the West.-- Had Been Given Two Months' Leave

(By Associated Press)
Boston, April 13.—Major General Leonard Wood today cancelled the leave of absence which he obtained to make a campaign for the republican nomination for President and said he would leave later in the day for Chicago to resume his duties as commandant general of the central department. He said that his action was due to railroad strike conditions. Gen. Wood made the announcement at a breakfast tendered him at the Boston City Club. He said "The situation of growing seriousness in the country is such that I feel it my duty to give up my leave and to return to my post of command in Chicago. The situation is not one which allows personal consideration to enter into the matter at least." It was the intention of General

Wood to speak in several places in Massachusetts, Rhode Island and elsewhere during the next week. The General is now on a two months' leave which was granted him by the war department on March 20.

GERMAN SUB COMING

The Bureau of Operations has ordered the German submarine U-111, now at Philadelphia navy yard, to Portsmouth yard for dismantling. The U-111 was here during one of the Liberty Loan drives and tied up at the Appledore dock.

GOVERNMENT WANTS NAMES OF STRIKERS

Department of Justice Sends Out Request to Railroads.

(By Associated Press)
Washington, April 13.—The Pennsylvania and New York Central Railroads were asked today by the Dept. of Justice to send the names of all the striking employees and to indicate which of these were leaders in the strikes. The text of the telegram follows: "Please send us at once the names of all your employees who are on strike, indicating the names of any of them who appear to be directing the movement in whole or in part." Department officials today refused to discuss the meaning of the messages or to indicate whether similar requests would go forward to the executives of other railroad corporations.

The Herald is a daily visitor to about every home in Kittery.

(By Associated Press)

Washington, April 13.—President Wilson today called a meeting of the cabinet for tomorrow to discuss "the general situation." White House officials would not say that the unauthorized railroad strike has prompted the call, but it was understood that this would be the principal subject discussed. This is the first cabinet meeting called by the President since he returned from his western trip last September, "a very sick man." Since his illness he has seen only a few members of his official family.

White House officials said the President felt that he had recovered sufficiently to meet with the cabinet and it was indicated that hereafter his official family would be called together at more or less stated intervals.

With freight traffic in the east seriously crippled administration officials regard the strike as very serious. The President has been kept advised as to conditions.

Attorney General Palmer was studying additional reports today from Dept. of Justice agents and was expected to make a complete report with recommendations to the Executive.

It was announced at the White House that the cabinet officers would assemble in the President's study instead of meeting in the executive offices. This will be the first gathering of the cabinet since the resignation of former Secretary of State Lansing on Feb. 13th. After the President had refused him for calling unofficial meetings of the cabinet during Mr. Wilson's illness.

GENERAL STRIKE IS DECLARED IN IRELAND

Workmen Protest Treatment of Political Prisoners in Mountjoy Prison.

(By Associated Press)
Dublin, April 13.—The general strike declared in Ireland in protest over the treatment of the political prisoners who are on hunger strike in Mountjoy prison here, went into effect today and tumultuous scenes in the vicinity of the prison. The crowd which had assembled outside the prison gates grew as the day wore on until it comprised 20,000 persons. Threatening demonstrations occurred. The authorities considered it necessary to increase the defenses and three tanks and several armored cars with large forces of police and military were stationed about the building. It was announced that the strike had originally been intended as a one day demonstration but would continue until the prisoners were released. The strike is not in effect in Belfast and the north of Ireland.

RAILROAD LABOR BOARD APPOINTED

President Sent Names to Senate Noon; Salaries of \$10,000 a Year With Headquarters at Chicago.

(By Associated Press)
Washington, April 13.—The Railroad Labor Board was appointed today by President Wilson. The members are, representing the public, Geo. V. Hanger, of Washington, D. C.; Henry Hunt of Cincinnati and R. N. Barton, Tennessee, representing the railroads, Harbo Baker, J. H. Elliot and Wm. L. Park, representing the employees, Albert Phillips, A. O. Wharton and Jas. J. Forrester. The board will be authorized to meet in Washington at once to take up the grievances of the striking employees. The nominations went to the Senate at noon today and prompt action by that body is expected. Under the transportation act the Railroad Labor Board is the court of last resort in disputes between the railroads and their employees. Its first work after considering the present strike will be to take up the whole railroad wage question which has been pending for nearly a year. The board is to establish permanent quarters at Chicago and its members will devote all of their time to the work. They will receive salaries of \$10,000 a year each.

STRIKERS CONTROL TRAFFIC ARTERIES OF NEW YORK

Citizens Aid Railroads in Operating Passenger and Freight Service.--Tie-up in New Jersey is Complete

(By Associated Press)

New York, April 13.—Railroads and strikers went into a lull today for control of traffic arteries leading into New York. While the strikers who yesterday crippled suburban traffic in New Jersey, succeeded today in inconveniencing 10,000 more commuters by shutting down the three divisions of the Staten Island Rapid Transit Co., and drawing out more droppies in the Long Island R. R., the other round-trip riding from the suburbs of the south end incident reported greater success in operating freight and passenger service. According to the aid of citizens and working hand in hand with representatives of the brotherhoods, the route were able to move an increasing amount of food into the city while special operated by volunteer crews began arriving from suburban points in New Jersey. When similar tactics were adopted on Staten Island, however, the first car of the first train jumped the track while moving slowly and blocked the line. Representatives of the Brotherhood working with R. R. officials are seeking to get strikers to return. Timothy Shea, vice president of the Brotherhood of Locomotive Firemen, conferred again today with strikers and later addressed a meeting of the executive committee of delegates of the Brotherhood in Hoboken.

Kan announcing that meetings would continue "until some solution of the strike was reached." The Long Island R. R. announced that 600 firemen had quit. Electric service was reported about 50 per cent efficient.

BOARD OF ASSESSORS.

SAYS EUROPE REGARDS AMERICA AS QUITTER

Treaty Rejection Puts Nation
In Peril, Declares Ray-
mond Fossdick

New York, April 12.—"Failure of the United States to ratify the League Treaty and join the League of Nations has made us regarded abroad as a race of quitters," while "our professions of idealism and disinterestedness are marked down for sham and hypocrisy," declared Raymond B. Fossdick, who recently resigned as under secretary general of the League of Nations. Mr. Fossdick, who arrived Sunday, has passed the last month in London and Paris finishing up his work in connection with the organization of the league.

"Our isolation is complete and we face the rest of the world in alliance," he asserted. "It is foolish to assume that the situation has no elements of danger for us. Our position is one of peril, a fact that is generally realized in Washington, judging from the plans that are being made for the biggest navy in the world. The price of our isolation will be armament."

"For it must not be forgotten that the greatly increased in Washington has left us without a friend anywhere. All that we won during the war we have deliberately thrown away. The influence that we had, our position of leadership, the affection in which everything relating to America was held, have all gone by the board."

"The last three months have brought about a complete change of opinion. Only one who has been in Europe recently can realize the depth and the bitterness of the feeling against us. We started something that we failed to see through. We left Europe in the lurch in the middle of the game, after imposing on her our rules and regulations. We threw the league out of the window to satisfy a miserable political quarrel. That is the way Europe looks at us."

"In spite of the refusal of the United States to join the compact," he continued, "the League of Nations is now a going concern. Its machinery is practically completed, its flagpoles are up and it is beginning to make itself felt in international affairs."

Mr. Fossdick expressed the opinion that the "wave of bitterness" against the United States will pass. He declared America's position as a creditor nation, "while Europe is bankrupt," is a dangerous relationship.

"As a member of the league," he said, "the United States could help enormously to tide over a dangerous and difficult period. If she stays outside the league and cuts herself off from any relationship with other nations except that of creditor, she must be prepared to grin to the teeth."

NEWCASTLE

New Castle, April 13.—By the autumn spring in with us. We have waited long for sign of her coming with such patience as poor humanity could muster, but hope springs eternal in the human breast and we pluck up heart and trust that, having sprung will not sleep altogether in her passage around the globe. This year has been one of extraordinary climatic vagaries. If there are any records of any sort that have not been broken this year let them stand forth and be smug. STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the natural laxative for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

and Celia Williams were appreciated; while the solo by little Miss Carolyn Williams, aged four years, was very gratifying. The pastor, Rev. Dr. Hanson gave a most eloquent discourse on the "Scriptural injunction found in Galatians 6-7, 'Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap.' It was a great privilege to be present and hear Dr. Hanson's clear, straight talk, from the pulpit on the inevitable law governing this physical world. The choir beautifully rendered 'Who Shall Be Able to Stand?' in the day when all the nations of the earth, every tongue and kindred shall utter; when the sun has faded out forever, and the moon forsaken the starless skies. On the morning when you unto judgment rise, with the millions on that deathless shore, with a life of endless works behind us, and our face toward the evermore, O who shall be able to stand in the presence of the King, when the day of grace is past, and we meet our God at last, who shall be able to stand? In those days of good, bad and indifferent Christians, those who are crossing the desert of life on the skeleton of morality are asking the question, who will be able to stand?"

"NOT GUILTY"

PLEA OF MRS.
OTTERTON

Judge Fixes April 26 as Date
for Trial

Concord, N. H. April 13.—Mrs. Winifred Mary Otterson, alias: Marion Loyens Otterson, was arraigned before Judge Oliver W. Branch in the Superior Court for Merrimack County this afternoon charged with the murder of her brother-in-law, Maurice Otterson, by shooting at the family home in Hooksett on the evening of Nov. 5, 1919.

Mrs. Otterson stood firmly erect while the long indictment, found by the Grand Jury last week was read to her by clerk George M. Fletcher. At the end, in reply to his formal query, "Are you guilty or not guilty?" she responded clearly: "I am not guilty."

Judge Branch announced that he would set the case for trial on Monday, April 26, at 10 a. m. It is expected that it will consume three weeks.

Mrs. Otterson, who has been confined in the county jail in this city since her preliminary arraignment in the Municipal Court, looked much better Monday than on that occasion.

When Mrs. Otterson was brought from the jail to the court room by Sheriff U. A. Wooster, she was accompanied by her husband, Howard Otterson; her mother-in-law, Mr. and Mrs. John Otterson; her mother, Mrs. Loyens, and her husband's aunt, Mrs. E. P. Sherburne of Reading, Mass., as well as by her counsel, Robert and Alexander Murchio. While awaiting the arrival of Judge Branch, Mrs. Otterson chatted with her counsel and her family without constraint and smiled frequently. She gave the closest attention to the reading of the indictment but when she made her plea and the court proceedings were concluded, she seemed the most carefree member of the little group.

Atty. Gen. Oscar L. Young and County Solicitor Herbert W. Raithe appeared for the state. The Messrs. Murchio filed a motion for a stay of proceedings on the ground that the defendant's name was not correctly given in the indictment, but this was denied by Judge Branch.

KITTERY POINT

Miss Lillian Krough of Boston spent the week-end with relatives at Pepperell Cove.

The S. V. club will meet with Mrs. Bertha Clarkson at her home in Portsmouth this evening.

The annual meeting of the Bible class of the First Christian church will be held at the home of Mrs. W. H. Tobey on Wednesday. All former and present members of the class are requested to be present, as important business is to be transacted.

Miss Mary Randall of Portsmouth was a visitor in town on Sunday calling on friends.

A social and dance will be held at Pepperell hotel on Friday evening.

Misses Mayton, Elizabeth and Caroline Cutts, have returned to Gorham Normal school after spending a vacation with their parents, Mr. and Mrs. Chester Cutts.

W. S. Palmer of Salem, Mass., was a visitor in town last evening on business.

Mr. Eleazar Hoyt who has been confined to the house for several weeks by severe illness, is now able to walk to the village.

A very pleasant social and dance was held at Parkfield hotel on Monday evening when Mr. Ellery Emery entertained the class of the Granite State Insurance Company, Portsmouth; and a few invited friends from this place. About fifty couples were present. The ladies were in evening dress and it was a very pretty affair. Dancing was enjoyed from 8 until 10:30, an orchestra from Portsmouth furnishing the music. At intermission tea and assorted cake was served.

SENATE KEEPS UNIVERSAL TRAINING

Holds Volunteer Training for 18 to 21 by a Big Majority

(By Associated Press)
Washington, April 12.—The Senate refused to strike out the volunteer universal training clause of the army reorganization bill which was substituted for the compulsory universal training section. The motion of Senator Mc Kellar of Tennessee, democrat, to strike out the clause was defeated by a vote of 37 to 5, in which twelve democrats voted with 25 republicans. An amendment making the age of training 18 to 21, instead of 18 to 25 in the original bill, was passed and Senator Lenroot withdrew his amendment, making it only possible to train 100,000 men at a time. The matter will go to a conference committee to readjust the differences between the House and Senate.

DEMOCRATS MAKE READY FOR CONVENTION

(By Associated Press)
Chicago, April 12.—A new departure in political convention management has been inaugurated by the democratic national committee which has opened a transportation bureau here to care for the delegates, alternates and spectators who will go to San Francisco to attend the convention on June 28. The shortage of railroad equipment and the flood of traffic on all roads is responsible for the innovation. "See America First" tours to points of interest in the west, including Yellowstone, Park, the Grand Canyon, Los Angeles and others are being planned by the democrats as a lure to attract at least a part of the travelers westward two or three weeks before the convention, thereby spreading the burden on the railroads over a longer period. For the return trip from San Francisco a system has been worked out whereby the visitors can buy east-bound tickets within 36 hours after the

convention opens, the tickets to call for return passage eight hours after the convention closes. The biggest problem in convention transportation has always been the return trip, as the day and hour for the close is always uncertain.

E. C. Bixby, a transportation official of the Pennsylvania railroad system, has been loaned to the democratic committee to take charge of the transportation bureau. He has obtained the co-operation of the association of western passenger agents, and the Pullman company has promised him first call for its parlor car equipment.

The transportation committee of the national democratic committee, which is directing the work, includes Charles Boeckelstein, Illinois, chairman; J. J. Moran, B. Doekwoiler, Calif.; W. W. Marsh, Iowa; Fred B. Lynch, Minn.; Patrick H. Quinn, Rhode Island.

WANT CHINESE TO RELEASE COSSACK HEAD

(By Associated Press)
Peking, April 12.—The Russian Bolsheviks have demanded that the Chinese surrender to them the person of General Semenov, who succeeded Admiral Kolchak as head of the All-Russian government. The Chinese government has refused to accede to the demand but has notified the military governors of Manchuria, where Semenov took refuge after leaving Siberia, that he must either disarm or leave Chinese territory. The governors were directed to keep close watch of the former Cossack commander, while he remains in Manchuria.

R. R. STRIKE CENTER SHIFTS TO THE EAST

Chicago Is Showing Big Improvement With Many Men Returning to Work.

(By Associated Press)
Chicago, April 12.—While the unauthorized strike of railroad men which started in Chicago two weeks ago with the walk out of the 70 switchmen of the Milwaukee and St. Paul railroad, today appeared to be in the Middle West and far west, the situation in the territory east of Chicago took on a more serious aspect.

The center of developments has shifted east where added walk out increased the ranks of the insurgents, and caused a serious tie up in freight and passenger service and many of the industries depending upon the railroads were closed down.

The situation in Chicago showed a marked improvement and reports from the Middle West coming in are to the effect that more men are returning to their work. Officials of the railroad brotherhoods who have been fighting insurgents are confident that a break in the walk out at Chicago will have a tendency to bring back the others. A pronouncement on what government action will be taken is expected to be made tomorrow by Attorney General Palmer, who explained that the Department of Justice agents are completing their inquiries into the cause and extent of the strike.

More freight was moved in the Chicago yard today than for several days. The Illinois Central, Chicago Milwaukee, and St. Paul, and the New York central moved more cars today in the shifting yard and officials said tonight that there were men enough to keep all cars moving. The General Managers Association of the Railroads announced that they have not made any overtures to the insurgents or would they hold any parley at all with them. In requesting negotiations President Grannis of the insurgents said that the contractors entered into by the railroads and the brotherhoods, did not mean anything to his union. Vice-president A. S. Whittney of the Brotherhood of "Trainmen" said that the of the strike had been reached and he expected a gradual weakening of the strikers.

SUMMER WHITE HOUSE NOT AT WOOD HOLE

Not Large Enough for President and His Large Staff of Secretaries and Attaches.

(By Associated Press)
Washington, April 12.—President Wilson will not establish the summer White House at Wood Hole, Mass., but will require an estate where there are more accommodations available for the large staff of secretaries and attaches. It became known today, the announcement that the President would occupy the Cranio estate was premature, for it is not acceptable to the Secret Service men and the White House officials who have the care of the President's family.

When they made an investigation they found that the estate was no large enough and that the village did not afford sufficient accommodations. It developed that the estate is near a railroad track and that two automatic signals are near the estate and the way out of the grounds were such that it would not afford sufficient protection to the President.

KOREANS WANT TO BE FREE FROM JAPANESE RULE

Tokio, April 12.—Baron Salto, Governor General of Korea, says he believes the independence movement in Korea is dying out, although he ad-

mits that the Koreans still are making secret efforts to free themselves from the Japanese rule. The Baron has been in Tokio lately to urge the Japanese Diet to provide funds to enable him to abolish the flogging of Koreans and substitute imprisonment as punishment. The Baron said that he was making efforts in Korea to put into effect the Emperor's rescript that the Koreans be advanced politically with ultimate object of establishing local autonomy. Koreans, he said, were being trained to conduct the public service in Korea. In addition the government will establish a railway engineering school in Seoul to teach Koreans to operate their own railways.

CREEL WANTS AN INVESTIGATION

(By Associated Press)
New York, April 12.—George Creel who was head of the committee on Public Information during the war, says General Palmer asking that an investigation be made at once into the charges of the Joint Committee on Printing that Creel had unlawfully transferred the official bulletin to Roger Babson without compensation. Creel also made public a letter to Senator Smoot in which he charged that the senator was responsible for the dissolution by Congress of his commission as he was in the middle of the liquidation.

FILIPINOS IN DUEL WITH BOLOS

(By Associated Press)
Manila, April 12.—Two Filipinos have just fought with bolos the first duel in Manila since the beginning of the American occupation. One of them suffered the loss of his left hand in the fight. Angel Umali and Tranquilino Pagliawan met with seconds and friends in a vacant lot near the center of the town just before dusk to settle their feud with the native weapon. Umali foiled the fight and soon landed the blow that covered his adversary's left hand. Pagliawan fought on and Umali, despite his victory, took to his heels and was caught by a policeman. The injured man was taken to a hospital where he has since been in a critical condition. As there is no law against dueling in the Philippines, Umali will be prosecuted for the murder charge.

The spring term of Phillips-Exeter Academy commenced Friday with 644 students.

NEWS FROM THE ATLANTIC HEIGHTS

The Parent-Teachers Association of the Atlantic Heights school will hold a meeting Friday evening, April 16, at 7 o'clock. After the conclusion of the business meeting a whist party will be held to which the participants are expected to pay a small fee that the new organization may raise funds. Six favors are to be offered and at the conclusion of the play refreshments will be on sale. This will be another chance for the colony at Atlantic Heights to enjoy a get-together gathering and it is hoped that many will come and bring their friends.

Miss Bernice Collins of Kittery passed the week-end at the Heights as the guest of Mr. and Mrs. Albert Hazelden. The community garden project at the Heights is interesting a good number.

OBSEQUIES

J. Howard Grover

The last sad rites over the remains of John Howard Grover were held this afternoon at two o'clock at the Methodist church and a large number of that parish, business men and other citizens were in attendance. Previous to the service in the church a prayer service was conducted at his home on Salisbury street by Rev. Elmer P. Nowell, D. D., his pastor and friend.

"At the church the pastor paid a well deserved tribute to the deceased, who was one of the prominent members of the parish and actively interested in its welfare, and whose loss is deeply felt in the society."

The pastor in his eulogy spoke of Mr. Grover's devotion to his home and his church, of his kindly qualities and generous nature.

The church quartette, consisting of Messrs. J. True Davis, James H. Smith, Mrs. Chester R. Norton and Mrs. Inez McIntire rendered "Able With Me" and "Beautiful Isle, of Somewhere."

J. True Davis, George B. Chadwick, Frank W. Knight and Charles E. Jensen acted as pall bearers.

Delegations were present from the lodges with which the deceased was identified and St. John's Masonic Lodge held a committal service, following the church service. The floral tributes were many and beautiful and comprised many set pieces. The remains were placed in the tomb in South cemetery.

J. Verne Wood had charge of the funeral arrangements.

LOCAL PEOPLE WILL ATTEND METHODIST CONFERENCE

The ninety-first session of the New Hampshire Annual Conference will be held at Grace Methodist Episcopal church, Haverhill, Mass., opening on April 14 and continuing through to April 19. Rev. Elmer P. Nowell and a number from the Methodist parish will attend.

The conference officers are: President, Bishop Edwin H. Hughes, D. D.; Secretary, Rev. Albert T. Smith, D. D.; Statistician, Rev. E. J. Canfield; Treasurer, Rev. Roger B. Thompson.

The opening session of the conference will be held at 9 a. m. on Wednesday. The morning devotionals will be led by the bishop, followed by the presentation of the Lord's Supper. Conference organization and business will follow. At 2 p. m. an address on "Religious Education and Democracy" will be given by Professor Walter S. Atherton of Boston University. At 4:30 p. m. the meeting will be the anniversary of the Board of Home Missions and Church Extension, Rev. H. W. Hook, presiding. Rev. W. S. Mitchell, D. D., will give the address.

TOLD SHE COULD NOT SMOKE AND THEN THREW A FIT

Theatre Queens Abusive at the Railroad Station.

It is astonishing what a hold the cigarette habit has on women and

what the victim of the "white chin" will do to get a few puffs. A few days ago a show troupe, comprised of a large chorus of women, came to Portsmouth from Manchester where they waited some time for a train for Portsmouth.

The janitress at the depot came upon several of the women in the waiting room conducting a real smoke talk and politely ordered them to go outside if they wished to continue smoking. They not only protested against the janitress giving them such orders, but delivered a volume of abusive language demanding to know by what right she was dictating to them. They soon found out. The climax was reached however when one of the women told the janitress that unless a certain one of the show girls could have a smoke there would be trouble. The janitress insisted on no smoking and the next minute the one seeking the smoke was like a paving machine. She kicked, screamed, pulled her hair, and finally straightened out on the floor as stiff as a post.

Her chorus chums came to her aid and finally got her out of the spell of physical disturbance. By that time the train for Portland arrived and the troupe piled on with more or less cheap talk about the stop-over experience they had in Portsmouth.

Personals

Mrs. John Parsons has recovered from the grip.

PORTSMOUTH, ME.

In a story by Nina Wexon Putnam, in a current popular magazine, one of the characters says:

"Well, I got to run along now. Mary, I got a salesman with some English goods from Portsmouth, Me., coming at one-thirty."

"That ought to settle it! It will hereafter take some nerve and courage to be a resident of the enterprising city just across the river from Kittery to claim that the Portsmouth navy yard is in New Hampshire—Haddock Journal."

We still claim that the Portsmouth, N. H., navy yard is on Seavey's Island in the Piscataqua river, Portsmouth harbor. We don't dare make it any stronger with the Boston Globe and the Haddock Journal lined up against us. For further defense we call upon the Concord Monitor to come forth and be heard.

FRISBEE STILL AFTER INLAND WATERWAYS

Mr. Oliver DeBee has received the following letter in reference to a further hearing regarding the proposed Portsmouth-Piscataqua waterway:

"Referring to your former correspondence and your request for a hearing in reference to the Merchants' Piscataqua waterway, you are informed

that the board will hold this matter up at its meeting on April 20th and if you still desire to be heard on opportunities will be given at 10 o'clock a. m. Please inform the board if you will appear.

Very respectfully,

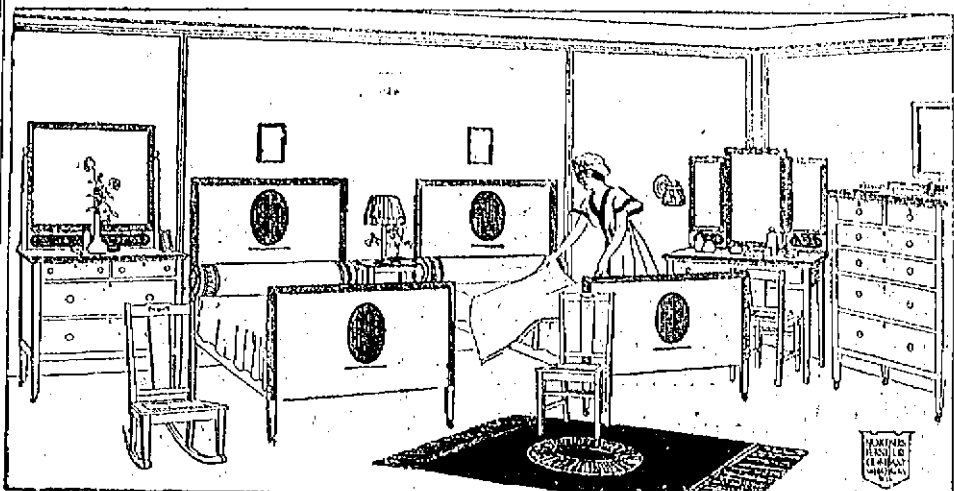

C. STELLAR,

Colonel Corps of Engineers. Resident member of the board and Portsmouth Chamber of Commerce, will be represented at the above hearing and every effort will be made to secure a favorable report on the merits of the waterway.

It is Portsmouth's opportunity and she will improve it.

GIVEN SURPRISE PARTY BY THEIR FRIEND

Mr. and Mrs. L. Goodwin Gray were pleasantly surprised at the home on Liberty avenue Monday evening by a party of about thirty relatives and friends. While unexpected the guests were none the less welcome and very mixed. In with the customary hospitality of the host and hostess, flowers and refreshments were served, while vocal and instrumental music enhanced the occasion. Refreshments of assorted cake and hot punch were served and the evening was filled with cordiality.

Washington, April 12.—After republican leaders had denounced the system of building army camps in the rush days of war, the house made ready today for a fight tomorrow. Two proposals for dealing with persons alleged to have received rich profits out of alleged extravagance and waste.

Along with the investigating committee's report attacking the method of construction, the republican majority presented a resolution directing that evidence obtained during the preliminary investigation be turned over to the attorney-general with the request that he institute criminal and civil proceedings. The democratic countered with a substitute resolution proposing to instruct the committee to name persons, firms and corporations "which should be investigated by the attorney general" before directing the committee to proceed.

When the house quit work tonight, debate on the majority and minority reports had not reached an end. The principal speeches were made by Representative McCullough, republican, Ohio, against the majority, and Representative Doremus, democrat, Michigan, author of the minority statement.

DOVER

Dover, April 13.—The Dover Lodge of Elks installed their officers for the coming year last evening in their rooms. The installation was in charge of James Parle, P. E. R. The officers are as follows: Exalted ruler, William Reed; leading knight, John J. Murphy; loyal knight, J. Walter Twombly; leading knight, Thomas Brennan; equine knight, Martin Fraser; Tyler, H. Hinton; inside guard, H. Meserve; outside guard, James McAdams. Following the installation, a banquet was served by J. Shogren and a program of entertainment which included the Somersworth K. of C. quartet, Thomas Brennan of Dover, H. Hinton of Dover, Miss Crosby and Miss Hinton of the

Whitehurst at the hotel. The exercises were carried out in a most pleasing manner.

First day in Dover will be one day in which the Dover sports will have a chance to select their favorite entertainment. Dover post of the American Legion will hold boxing bouts in the evening and in the afternoon the Dover A. A. will hold a show. Tom Conner will put his Dover team against the Somersworth team. It will be the opening of the season and with both teams having a few extra stars in the lineup, the base ball devotees will have their fill.

Mary A. Crimes passed away at her home, 47 Hansen street Monday, morning following a short illness. She was born in Ireland and came to this city 20 years ago and had since made her home here. She was a devoted attendant at St. Mary's church and was a member of the Altar and Rosary societies. She leaves a wife, a large circle of friends to mourn her death. She is survived by one sister, Mrs. Margaret Donnelly, and a niece, Mary Donnelly. The obituary committee met Sunday and made plans for the first funeral service, to be held Wednesday in the high school for the purpose of discussion of the question of "Dover's recreational needs and opportunities." The discussion will be opened by Mr. J. White, who will talk on "The Need for Recreation." William Penna will read "Forms of Recreation." George J. Foster on "Recreation Facilities in Dover." A five minute discussion period will be allowed after the conclusion of the presentation by each speaker, and then the meeting will be open for general discussion. It is hoped that many will plan to be present and have a part in the solution of this important problem for Dover.

The new board of directors will be announced at this meeting and the directors are expected to be present. The result of the final election will be announced at the first city forum meeting Wednesday evening.

Walter R. Pratt passed away at the home of his parents, Mr. and Mrs. George I. Pratt at Madbury Sunday afternoon, aged 32 years. He was born in Madbury, Mass., the son of George I. and Jessie A. (Wilson) Pratt. He came to Madbury six months ago from Waterbury, Conn., where he was employed as a signal foreman on the N. Y. N. H. & H. railroad. He is survived by his parents, a wife, four brothers, and three sisters.

ASKS GOV. AID IN TURKEY

Council of Churches Points to "Indignation" at Delay.

Washington, April 12.—A memorial appealing to the government to exclude the Turks from Europe and to take some definite steps toward the welfare of the subject races of the former Ottoman Empire was presented to President Wilson today by a committee of the Federal Council of the Churches of Christ in America.

Bishop William E. McDowell of the Methodist Episcopal church, headed the committee which presented similar memorials to Vice President Marshall and Speaker Gillett.

The memorial said there was a "growing impatience amounting to indignation over the failure of the administration and of congress to concern in enacting such legislation as will enable America to help the allied nations to escape from the political entanglements of the past and to solve the near Eastern problem according to the principles of right and justice for the establishment of which we entered the war."

BUTTON COMPANY GRANTS ANOTHER INCREASE OF PAY

Employees Started on New Schedule on Monday.

Beginning on Monday the employees of the Button Company Manufacturing Company work under a new wage schedule which provides a moderate increase to every one of the payrolls of the establishment.

The advance affects 500 or more hands and is evenly divided between the male and female help. It is understood that some changes may follow later regarding the schedule in case the management is not fully satisfied with the system under which the employees are now laboring.

DANCING PARTY AT PARK-FIELD HOTEL

The clerks of the Grants State Insurance Company were entertained by Elly's Banquet at the Parkfield Hotel, Kittery Point, Monday evening at a dancing party and all present much enjoyed the affair.

There were nearly fifty couples present, including a number of residents of Kittery Point. An orchestra furnished music and rendered popular airs which were a delight to the dancers. Many of the ladies wore in vogue evening gowns and it was a very pretty party. At intermission tea and assorted cakes were served.

TELEPHONE PEOPLE MET AT MANCHESTER

A large gathering of supervisory employees of the New England Telephone Company was held at Manchester today and included most everyone in official capacity in Portsmouth and Kittery districts. Managers, E. H. Drew, Vice Chief A. J. Bailey and Consulting Foreman Colin McKinnon of the local exchange were among the attendees.

At the New England Southern Conference of the Methodist Episcopal church at Plymouth, Mass., on Saturday voted unanimously to request the laws of the church be changed to permit dancing, card playing, horse racing and attendance at theatres and circuses which are now under the ban. The clause in the church disciplinary rules which forbids such amusements was characterized as "an unnecessary and non-functionary piece of church legislation."

TRAIN SERVICE FAST BEING RESTORED

(By Associated Press)

Eastern, April 12. Conditions at New York terminals having improved today the New Haven road announced the merchants limited, which was discontinued, was restored to its regular run. The road had given orders to take off the Kinkadee, limited also, but with the reports of improved conditions, the order was cancelled. No other changes in the schedule were made.

CAME IN CONTACT WITH LIVE WIRES

Workman Comes Out With Only a Burned Hand.

Jack Russo, a resident of Russell Alley, employed at the Atlantic Corporation, received a severe shock from electricity on Monday. He was at work in the plant shop when he came in contact with live wires. His right hand was considerably burned but he will suffer no other ill effects from the accident. Much electricity passed through his body before the current could be shut off.

Get protection that will protect. From now on heavy rains accompanied by heavy winds will be of frequent occurrence. One of our rainproofed spring overcoats will "go double." It's a spring overcoat on cool, fair days; a raincoat on rainy days. In tweeds and knitted fabrics. All the other kinds of "regular" raincoats are shown as well, from "straight" rubber to the swell gabardines, the last word in raincoat smartness.
